ALLIANCE BANK

Type of Paper	Memo
Request For	Approval
Data Classification	For Internal Use Only

Date : 23 May 2024

To : Group SME, Commercial and Transaction Banking

From : Customer Excellence Centre, Group Strategy Marketing & Business Development

Subject : Documents Required for Business Current Account Opening via DBOS

1.0 PURPOSE

To seek approval to streamline and standardise the documents required for Business Current Account Opening via DBOS as per the "Document Checklist" for the following entities: -

A. Sdn Bhd
B. Sole Proprietor
C. General Partnership
D. Limited Liabilities Partnership
E. Societies / Associations / Clubs
F. Professional Body (Solicitor/ Legal Firm/ Real Estate/ Property Management/ Accounting firms/ Clinics only)
G. Involuntary and Creditor / Member Voluntary Liquidation *(applicable to both DBOS and BDS)*

Accounts opened manually via BDS will remain unchanged as per MN1005 SOP Conventional Business Deposit Product.

2.0 BACKGROUND

Currently, there are ambiguity in the required documents and document format across different entities which leads to incomplete documents submitted for account opening resulting in rework and longer turnaround.

3.0 BENEFITS

The streamlined documents in the "Document checklist" will be standardised across all checkers and makers reducing rework.

Upon approval of the memo, a briefing will be conducted to frontliners and checkers in ensuring a common understanding of the requirements. Tracking would be in place to monitor the rework rate to ensure effectiveness of the initiative.

4.0 PROPOSED CHANGES TO THE ACCOUNT OPENING DOCUMENTATIONS IN THE DOCUMENT CHECKLIST

A. SDN BHD

No.	Existing Documents	Document Format	Proposed Documents	Proposed Document Format	Remarks
1.	MyKad biometric verification of Authorised signatories *Required only if STP facial recognition failed*	PC	1. MyKad biometric verification of Signatories (≤ 1 month from application submission) including the below via DBOS:- • Facial selfie *and* • Scan MyKad/Passport 2. Foreigners: • Facial selfie *and* • Valid passport (≥ 6 months) *and* • Work permit (≥ 3 months) in validity. If no work permit, request for a Social Visa or Visit Visa. *If biometric fails, to provide any official government issued photo bearing ID such as driving license, passport, kad tentera etc and enclose printout of the biometric (unless MyKad is faulty or).* *If documents not within validity period, seek exceptional approval from Head, Deposit Sales or higher management.*	PC	1. Biometric printout is required as information on the biometric printout contains information for BNM counterparty code reporting such as race and bumi status for validation. 2. 6.0 VALIDATION OF DOCUMENTS

To standardize the use of rubber stamp for invalidation of customer's identification documents for Business Current Account Opening as below.

Entity	Stamp used to validate the document
ABMB and AIS	For ABMB / AIS Use Only & Strictly Private & Confidential
	Confidential – for ABMB / AIS Use only
	Original Sighted

7.0 DETAILED RISK ASSESSMENT AND RISK MITIGATION MEASURES

No.	Risk Type	Risk Arising	Mitigation / Control
1	Communication Risk Ineffective communication channels may result in messages that are inconsistent with authorised responsibilities or established performance measures (e.g. failed transaction processing or process management arising from the miscommunication, etc.).	Failure to inform internal stakeholders regarding the checklist update may lead to inconsistent practice among account opening staff.	Email communication and briefing to all account opening staff will be conducted. Sales, Branch and SME Account Validation Team SOP will be updated.
2	Compliance Risk (External) Unintentional or negligent failure to meet professional obligation with respect to fiduciary and suitability requirements (e.g. non-compliance with regulatory requirements exposes the Bank to fines, penalties, sanctions, suspension of license, imprisonment, etc).	Failure to comply with existing regulatory reporting requirements.	There is a checker process for all accounts opened via DBOS.

3	Data Integrity Risk Loss of integrity in the maintenance of data such as incomplete or wrong data input may impact the decision-making process. This also includes loss of data due to virus infection, as well as the mis-management of error account and error correction.	Data input error by staff into the system.	Checker control in place to ensure the data entry by account opening staff in the DBOS system is as per the documents provided by the customer.
4	Record Maintenance Risk Ineffective maintenance and/or retention of internal records such as intellectual properties, customer applications and records (e.g. specimen signature not available for signature verification, files/records missing, outdated manuals, etc.). This includes records in both hard-copies and soft-copies (e.g. other electronic mediums).	Unable to access to data when system is inaccessible or loss of data should the data in system is corrupted.	The storage/retention of the hardcopies of all account opening and supporting documents is as per Policy on Retention of Data (MN0375).
5	System Access Risk Unauthorized access to any system hardware/software and data (e.g. sharing password, user given end-to-end accesses, etc.).	Unauthorized access to the system	NA
6	Cyber Risk Any risk of financial loss, disruption or damage to the reputation of the bank from some sort of failure of its Information System as a result of an attack from the cyber world.	Loss of data or data inaccessible due to cyber-attack.	NA
7	Reconciliation Risk Inefficient or lack of reconciliation process exposes the Bank to the risk of loss that may not be able to account for (e.g. unreconciled stock of items of value, accounting error, unreconciled entries, etc.)	Execution, delivery and process management	NA

8.0 COMPLIANCE and REGULATORY RISK

No	Risk Arising	Mitigating Measures	PIC
1.	Non-compliance with FATCA requirements	Customer is required to make FATCA declaration at point of account opening.	Frontline staff
2.	Non-compliance with Internal Blacklist	iMatch screening is completed for AML, IBL and Dcheqs.	Frontline staff
3.	Non-compliance with AMLA regulatory requirements	iMatch screening is completed for AML, IBL and Dcheqs. Documents required for account opening are in line with the BNM and the bank CDD requirement.	Frontline staff

4.	Non-compliance with Personal Data Protection (PDPA) Act	NA	
5.	Record retention policy	All documents with customer's information are kept in a sealed box and periodically sent to Crown (Vendor).	Branch Officer
6.	Outsourcing	NA	
7.	Management of Customer Information and Permitted Disclosures (MCIPD)	Controls are in place and documented in the MCIPD SOP.	Branch Officer
8.	Non-compliance to RMiT regulatory requirements	NA	

No.	BNM Policy	Not Applicable/Not Applicable	Remarks
1.	Introduction to New Product	NA	
2.	Outsourcing	NA	
3.	Risk Management Information Technology (RMiT)	NA	
4.	e-KYC	NA	This is an internal change of processes and is not related to e-KYC.
5.	Management of Customer Information and Permitted Disclosures (MCIPD)	Applicable	Controls are in place and documented in the MCIPD SOP
6.	Non-compliance with AMLA regulatory requirements.	Applicable	iMatch screening is completed for AML, IBL and Dcheqs.

9.0 Standard Operating Procedures (SOP)

Sales, Branch and SME Account Validation Team to incorporate this new process in their SOP within 2 months from the approval of this memo.

10.0 Recommendation

As per “Purpose” above.
